NOTES TO FINANCIAL STATEMENTS

For the six months ended June 30, 2009 and the year ended December 31, 2008

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization - The Electronic Frontier Foundation, Inc., a Massachusetts nonprofit public benefit corporation, was founded in July 1990 to work in the public interest to promote online privacy, freedom of expression, and social responsibility. The Corporation's primary sources of revenue are grants and contributions from foundations, corporations and individuals.

Effective January 1, 2009 the Corporation changed the fiscal year end from December 31 to June 30. As a result, these financial statements reflect the operations of the six month period ended June 30, 2009.

Basis of Presentation - Resources are classified for accounting and reporting purposes into three classes of net assets, according to externally imposed restrictions:

Unrestricted net assets - Net assets that are not subject to any donor-imposed restrictions. This class also includes restricted gifts whose donor-imposed restrictions were met during the fiscal year.

Temporarily restricted net assets - Net assets resulting (a) from contributions and other inflows of assets whose use by the Corporation is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Corporation pursuant to those stipulations, (b) from other asset enhancements and diminishments that are subject to the same kind of stipulations, and (c) from reclassification from (or to) other classes of net assets as a consequence of donor-imposed stipulations, their expiration by passage of time, or their fulfillment and removal by actions of the Corporation pursuant to those stipulations.

Permanently restricted net assets - Net assets resulting (a) from contributions and other inflows of assets whose use by the Corporation is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Corporation, (b) from other asset enhancements and diminishments that are subject to the same kinds of stipulations, and (c) from reclassification from (or to) other classes of net assets as a consequence of donor-imposed stipulations.

There were no permanently restricted net assets as of June 30, 2009 and December 31, 2008.

Method of Accounting - The financial statements of the Corporation are prepared using the accrual basis of accounting, which reflects revenue when earned and expenses as incurred.

Cash and Cash Equivalents - For purposes of the statement of cash flows, cash is defined as cash in demand deposit accounts as well as cash on hand. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and investments so near their maturity that the risk of changes in value due to changes in interest rates is negligible. These are generally investments with maturity dates within three months of the acquisition date.

NOTES TO FINANCIAL STATEMENTS

For the six months ended June 30, 2009 and the year ended December 31, 2008

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions - Contributions are recognized when the donor makes a promise to give to the Corporation that is, in substance, unconditional. Donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Equipment and Leasehold Improvements - The Corporation records equipment and leasehold improvements of \$1,000 or more at historical cost or, if donated, at fair market value at the date of donation. Depreciation is determined on the straight-line method over the estimated useful lives ranging from 5 to 39 years.

Income Taxes - The Corporation is exempt from income taxes under Internal Revenue Code Section 501(c)(3), Section 23701(d) of the California Revenue and Taxation Code, and the Massachusetts General Law Chapter 180, Section 4, and is considered by the IRS to be an organization other than a private foundation. In the opinion of management, there is no unrelated business income.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

New Accounting Pronouncement, FAS-157, *Fair Value Measurements* - In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 157 (FAS-157), *Fair Value Measurements*. FAS-157 defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosures about fair value measurements. The provisions of FAS-157 are effective for the Corporation for fiscal years beginning January 1, 2008. The adoption of FAS-157 did not have a material impact on the Corporation's financial statements.

Subsequent Events - Subsequent events have been evaluated through April 29, 2010, which is the date the financial statements were available to be issued.

New Accounting Pronouncement, Uniform Prudent Management of Institutional Funds Act (UPMIFA) and California's State Prudent Management of Institutional Funds Act (SPMIFA) - In 2008, SB1329 was adopted, changing the rules governing the investment of funds by a nonprofit public benefit corporation. The new legislation will apply to newly created investment funds, as well as existing funds held as of January 1, 2009. As a result of this change in law, \$39,274 in endowment funds consisting of board-designated funds and unappropriated endowment gains was added to unrestricted endowment net assets in the six months ended June 30, 2009 (see Note 7).

NOTE 7 ENDOWMENT

EFF's endowment consists of two investment accounts consisting of mutual funds, fixed income instruments, and cash and cash equivalents established to further the charitable purposes of EFF by providing general support in meeting the operating needs of EFF, as determined by its Board of Directors. Its endowment is made up of funds designated by the Board of Directors to function as endowments. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Law - The Board of Directors of EFF has interpreted the California State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, EFF classifies as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund, if applicable. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA (see Note 1). In accordance with SPMIFA, the organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purpose of the organization and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the organization
7. The investment policies of the organization

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or SPMIFA requires the organization to retain as a fund of perpetual duration. There were no such deficiencies as of June 30, 2009.

Return Objectives and Risk Parameters

EFF has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of investment returns that treats equitably inflation, adjusted terms, and the present and future needs of EFF while seeking to maintain the purchasing power of the endowment assets. Endowment assets consist of board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested using an allocation model of no more than 75% of the funds in equities and no more than 25% in fixed-income. Initial allocation targets shall be set at 60% equities and 40% fixed-income. Additional investment guidelines are detailed in the EFF Endowment Fund for Digital Civil Liberties Investment and Spending Guidelines. Actual returns in any given year may vary.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return, EFF relies on a total return objective consisting of the sum of the budgetary reliance on the endowment and the rate of inflation.

Spending Policy and How the Investment Objectives Relate to Spending Policy

Spending shall be limited to no more than 6% of the three-year rolling average of funds under investment at December 31, or the average annual total return for three years, whichever is less.

NOTE 11 PRIOR PERIOD ADJUSTMENT

During the year ended December 31, 2008, it was discovered that several multi-year grants received in 2007 were unconditional and should have been recorded in full as of December 31, 2007. As a result, the balance of each grant was recorded in 2008 as a prior period adjustment, increasing unrestricted net assets by \$160,000 and temporarily restricted net assets by \$1,205,000, for a total prior period adjustment of \$1,365,000.

The Corporation leases its offices in San Francisco, California under two non-cancelable operating leases that expire July 31, 2010. The Corporation also occupies offices in Washington, DC under a short-term lease. EFF had also entered into a lease agreement to expand its San Francisco office. The lease had a term of two years commencing July 1, 2008, and required monthly rental payments of \$1,500. Subsequent to year-end, the Corporation determined that this additional office space was not needed and on May 27, 2009, the landlord released EFF from the new lease obligation. Rent expense for the leases for the six months ended June 30, 2009 was \$71,162 and for the year ended December 31, 2008, was \$148,619.

NOTE 15 RISKS, UNCERTAINTIES AND CONCENTRATIONS

The Corporation relies on a significant amount of funding received in the form of donations and grants from individuals and foundations as well as investment income to support its operations. The current global financial markets and discussions of a U.S. economic downturn may have an impact on the level of funding provided by these funding sources and the market value of marketable equity securities held by the Corporation. While it is impracticable to determine the impact of these events, management is taking steps to address potential changes in funding levels and reduce the Corporation's exposure to impact from these events.

NOTE 16 SUBSEQUENT EVENTS

Subsequent to year-end, the Corporation entered into a new, long-term lease for office space in Washington, DC. The terms and minimum payments under this lease are disclosed in Note 12.
